Disclaimer: All questions in this book were gained from common and reputable sources in print and on the internet. The book benefits from international fair use provisions set aside in law. Introduction

The magical world of Harry Potter and his friends (and enemies!) is one that is now host to a wealth of wonderful information. Over seven books, J K Rowling has introduced us to a fantastical place where I am sure many of us would like to live - despite the risks of coming across dark wizards or scary beasts!

This quiz aims to add one more bit of fun to that world, by testing the reader's knowledge. These questions are generally based on the world as told to us in the books, rather than the series of films, as the two are sometimes quite different!

Perhaps you will try this quiz - newly updated and revised for a third edition reprint - on the bus home after a long day at work or school, or maybe you will test your friends and family to see if they are as much of a magical expert as you are. Whatever you do, I hope you enjoy answering these questions as much as I did writing them.

Good luck with the quiz!
